

# CoCreate® Portable Licensing

Check out any CoCreate product license for up to 30 days and work offline

Work offline while you're out of the office.

Today you don't need to fall behind when you leave the office. With the CoCreate Portable Licensing you can check out any CoCreate product license for up to 30 days and work offline while you are out of the office.

## Key Benefits

- Increase use of your CoCreate products with added flexibility
- Use CoCreate licenses from the company's license server or check them out for mobile use
- Avoid license exchange with this convenient process
- Eliminate installing license servers on portable computers using the flexible license check-out

## Features and Specifications

### Work Offline, Even When You're Away from the Intranet

- Use the whole range of CoCreate products
- Reserve your personal licenses by checking them out
- Simply start the application offline, no license server needed
- Take your software with you wherever you go

### Check Out Products in 4 Easy Steps

1. Run your applications you need offline to identify the floating licenses consumed by the license server
2. Start the Licensing Configuration Client tool
3. Select the number of days you need the license - up to 30 days
4. Check out the licenses

### Return Licenses Automatically or Manually

- Licenses automatically expire at your expiration date and become available again for others on the network
- Alternatively, you can return licenses manually before the defined expiration date: Connect to the license server and simply check in the licenses with the Licensing Configuration Client

CoCreate Portable Licensing is an add-on module for the CoCreate License Server allowing even more flexibility with CoCreate product licensing

### Prerequisites

The Portable Licensing password has to be entered in the license server configuration file. A security device (like MSU or LAN) must be available at the portable computer.

### System Requirements

CoCreate License Server 2008 supported operating systems:

- Windows Vista™ 32-bit and 64-bit Editions of Ultimate, Enterprise, and Business
- Windows® XP™ Professional 32-bit and 64-bit Editions
- Windows® Server 2003™ 32-bit and 64-bit Editions
- Windows® Server 2008™ 32-bit and 64-bit Editions
- HP-UX® 11i

### Note:

The use of the portable (checked-out) software licenses is subject to the CoCreate software license terms. The right to use the software specified in a standard license is expressly restricted to the country to which it was delivered. To extend the use for additional countries, please contact PTC for more details.
